Find the Plan That's Right for You

Choosing the right individual health insurance plan to fit your needs is important to you and your family. Compare our plans to find the coverage you need.

If you're looking for health insurance comparable to that offered by large employers, our SelectBlue family is for you.

The typical SelectBlue buyer is an individual or family who:

- Prefers fixed doctor visit copayments for non-preventive care services
- Regularly visits a doctor

If you're budget-conscious, the BlueValue family of plans may be for you.

The typical BlueValue buyer is a cost-conscious individual or family who:

- Is willing to assume a portion of health care costs in exchange for a lower monthly premium
- ► Visits doctors primarily for annual checkups

If you want to control how, when and where your health care dollars are spent, then consider a BlueEdge Individual HSA³.

The typical BlueEdge Individual HSA buyer is an individual or family who:

- Is actively involved in their health care decisions and finances
- Seeks additional tax and retirement planning benefits
- ls willing to fund some of their own health care expenses

BlueEdge HSAs for Individuals and Families

High deductible health plans are even more attractive than ever — because they can be used with a Health Savings Account (HSA).³ An HSA is a tax-advantaged, individually owned savings account that you can access to cover a wide range of qualified medical expenses, when funded. These expenses may generally include your annual deductible and, if applicable, any out-of-pocket cost sharing for covered services.

Here are the Major Benefits of a Health Savings Account (HSA):

Control: The money in an HSA belongs to you. YOU decide how to spend it based on your particular health

care needs and budget.

Flexibility: You can withdraw your money anytime without a tax penalty as long as you use it for qualified

medical expenses.

Ownership: You never forfeit your HSA balance. Any unused balance in your account rolls over from one year

to the next, providing you protection from potential medical expenses.

Tax Savings³: An HSA allows you to put away money that may be fully tax deductible to cover future qualified

medical expenses. This means that you can set aside tax-free dollars, subject to certain limits, in an HSA to pay for your qualified medical expenses. Interest that accumulates within your HSA is generally tax free. You typically will pay no taxes or penalties when you use funds from your HSA

to pay for qualified medical expenses.

Step 1

Select and apply for one of the BlueEdge HSA plans.

- Choose the deductible and level of coverage that best fit your needs.
- Choose your PPO network.
- Apply online or complete and mail in your application.
- Research banks offering HSAs to use in conjunction with your health plan.

Step 2

Research and contact a financial institution to open a Health Savings Account (HSA) after your BlueEdge HSA health plan is activated.

- You may choose any HSA available to work in conjunction with your BlueEdge HSA health plan. Consider the associated fees, investment choices and debit card/ checkbook options to determine which HSA is right for you.
- Fund your HSA as soon as possible in order to maximize your tax advantages for the year.

Step 3

Pay for your out-of-pocket qualified medical expenses out of your Health Savings Account (HSA).

- Most financial institutions will give you a checkbook and/or debit card so you can pay claims directly out of your HSA. These are convenient ways to pay for prescription drugs. For doctor or hospital visits, we recommend that you ask to be billed later in case adjustments are made to your expenses.
- While you are not required to open an HSA to be used with your health plan, most customers agree that they get the most out of their plan by taking advantage of the tax benefits, control and flexibility of an HSA.

NOTICE TO APPLICANT REGARDING REPLACEMENT OF ACCIDENT & HEALTH INSURANCE

According to information you have furnished, you intend to lapse or otherwise terminate existing accident and health insurance and replace it with a policy to be issued by the insurance carrier. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

- 1. Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.
- 2. You may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interests to make sure you understand all the relevant factors involved in replacing your present coverage.
- 3. If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical/health history. Failure to include all material medical information on an application may provide a basis for the insurance carrier to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, re-read it carefully to be certain that all information has been properly recorded.
- 4. It is recommended that you do not terminate your present contract until you are certain that your application for the new contract has been approved by the insurance carrier.

^{*} If answering "YES" please carefully read the following notice.

OUTLINE OF COVERAGE

- 1. READ YOUR POLICY CAREFULLY This outline of coverage provides a brief description of the important features of your Policy. This is not the insurance contract, and only the actual Policy provisions will control. The Policy itself sets forth in detail the rights and obligations of both you and your insurance company. It is, therefore, important that you READ YOUR POLICY CAREFULLY!
- BlueValue Coverage BlueValue coverage is designed to provide you with economic incentives for using designated health care providers. It provides, to persons

insured, coverage for major Hospital, medical, and surgical expenses incurred as a result of a covered accident or sickness. Coverage is provided for daily Hospital room and board, miscellaneous Hospital services, surgical services, anesthesia services, In-Hospital medical services, and Out-of-Hospital care, subject to any Deductibles, Copayment provisions, or other limitations which may be set forth in the Policy. Although you can go to the Hospitals and Physicians of your choice, your benefits under the BlueValue plan will be greater when you use the services of participating Hospitals and Physicians.

Changes in state or federal law or regulations, or interpretations thereof, may change the terms and conditions of coverage.

PRE-EXISTING CONDITIONS LIMITATION Pre-existing Conditions are those health conditions which were diagnosed or treated by a Provider during the 12 months prior to the coverage effective date, or for which symptoms existed which would cause an ordinarily prudent person to seek diagnosis or treatment. Any Pre-existing Condition will be subject to a waiting period of 365 days. This limitation does not apply to individuals under 19 years of age.

PREMIUMS We may change premium rates only if we do so on a class basis for all DB-42 HCSC policies. Premiums can be changed based on age, sex, and rating area.

GUARANTEED RENEWABILITY Coverage under this Policy will be terminated for nonpayment of premiums. In addition, Blue Cross and Blue Shield may terminate or refuse to renew this Policy only for the following reasons:

- 1. If every Policy that bears this Policy form number, DB-42 HCSC, is not renewed. If this should occur:
 - a. Blue Cross and Blue Shield will give you at least 90 days prior to written notice.
 - b. You may convert to any other individual policy Blue Cross and Blue Shield offers to the individual market.
- 2. In the event of an act, practice or omission that constitutes fraud or making an intentional misrepresentation of material fact on your application may result in rescission of coverage. Rescission is defined as a cancellation or discontinuance of coverage that has a retroactive effect. You will be provided with at least 30 days' advance written notice before you or your dependent's coverage may be rescinded, retroactive to the effective date of coverage.
- 3. If you no longer reside, live or work in an area for which Blue Cross and Blue Shield is authorized to do business. Blue Cross and Blue Shield will never terminate or refuse to renew this Policy because of the condition of your health. Blue Cross and Blue Shield may uniformly modify coverage provided by every Policy which bears this Policy form number only on the coverage Renewal Date.

Exclusions and Limitations:

OUTLINE OF COVERAGE

- 1. READ YOUR POLICY CAREFULLY This outline of coverage provides a brief description of the important features of your Policy. This is not the insurance contract, and only the actual Policy provisions will control. The Policy itself sets forth in detail the rights and obligations of both you and your insurance company. It is, therefore, important that you READ YOUR POLICY CAREFULLY!
- **2.** SelectBlue Advantage Coverage SelectBlue Advantage coverage is designed to provide you with economic incentives for using designated health care providers. It provides, to persons insured, coverage for major Hospital, medical, and surgical expenses incurred as a result of

a covered accident or sickness. Coverage is provided for daily Hospital room and board, miscellaneous Hospital services, surgical services, anesthesia services, In-Hospital medical services, and Out-of-Hospital care, subject to any Deductibles, Copayment provisions, or other limitations which may be set forth in the Policy. Although you can go to the Hospitals and Physicians of your choice, your benefits under the SelectBlue Advantage plan will be greater when you use the services of participating Hospitals and Physicians.

Changes in state or federal law or regulations, or interpretations thereof, may change the terms and conditions of coverage.
