

NEW CASE TRANSMITTAL FORM

Attention: Incomplete Case Submissions Experience Delays

Have you checked this case? Are all questions answered completely and appropriately? Have you checked rates and completed the benefits portion of the Plan Sponsor Statement (Employer form)? Do we need waiver cards?

Failure to present a properly completed case will result in underwriting delays. Allied's guideline for a timely Funding Advantage new case submission is a minimum of 10 working days before the requested effective date. Typical underwriting can take up to three weeks depending on completeness of a submission and how quickly missing information is received. To be considered a submission, the employer information statement, current plan information (benefits, current and renewal rates), employee enrollment cards/waivers and participation documentation (on groups with less than 50 participants) is required. Submissions without these components are considered prescreen/quote requests only and not handled as a new case submission. This completed sheet MUST accompany the submitted case.
